IMPACT STATEMENT FOR ZONING ORDINANCE MAP AMENDMENT

A written impact statement of the application as it relates to § 421.E of the Zoning Ordinance. The applicant shall have the burden of justifying the amendment, including identifying specific reasons warranting the amendment, and providing any supporting data and information.

1. Master Plan Consistency. Rezoning should be consistent with the intent and purpose of the adopted master plan.
2. Adverse Impacts on Neighboring Lands. The Township shall consider the nature and degree of an adverse impact upon neighboring lands. Lots shall not be rezoned in a way that is substantially inconsistent with the uses of the surrounding area, whether more or less restrictive. The Township finds and determines that vast acreages of single-use zoning produces uniformity with adverse consequences, such as traffic congestion, air pollution, and social separation. Accordingly, rezoning may promote mixed uses subject to a high degree of design control.
3. Suitability as Presently Zoned. The Township shall consider the suitability or unsuitability of the tract for its use as presently zoned. This factor, like the others, must often be weighed in relation to the other standards, and instances can exist in which suitably zoned lands may be rezoned upon proof of a real public need, substantially changed conditions in the neighborhood, or to effectuate important goals, objectives, policies, and strategies of the master plan, specification, or this ordinance.
4. Changed Conditions. The Township shall consider whether any conditions have changed, since the zoning ordinance was adopted, that might justify the amendment.
5. Health, Safety, and Welfare. The ordinance amendment must bear a substantial relationship to the public health, safety, or general welfare, or must protect and preserve historical and cultural places and areas. The rezoning ordinance may be justified, however, if a substantial public need or purpose exists.
6. Public Policy. Certain public policies in favor of the rezoning may be considered. Examples include a need for affordable housing, economic development, mixed-use development, or sustainable environmental features, which are consistent with neighborhood, area, or specific plans.
7. Size of Tract. The Township shall consider the size, shape, and characteristics of the tract in relation to the affected neighboring lands. Ordinance amendments shall generally not rezone a single lot when there have been no

intervening changes or other saving characteristics. Proof that a small tract is unsuitable for use as zoned, or that there have been substantial changes in the immediate area, may justify an ordinance amendment.

8. Other Factors. The Township may consider any other factors relevant to a rezoning application under state law.

IMPACT STATEMENT FOR ZONING ORDINANCE TEXT AMENDMENT

A written impact statement of the application as it relates to § 421.E of the Zoning Ordinance. The applicant shall have the burden of justifying the amendment, including identifying specific reasons warranting the amendment, and providing any supporting data and information.

1. Master Plan Consistency. A text amendment should be consistent with the intent and purpose of the adopted master plan.
2. Changed Conditions. The Township shall consider whether any conditions have changed since the zoning ordinance was adopted that might justify the amendment.
3. Health, Safety, and Welfare. The ordinance amendment must bear a substantial relationship to the public health, safety, or general welfare, or must protect and preserve historical and cultural places and areas.
4. Public Policy. Certain public policies in favor of the rezoning may be considered. Examples include a need for affordable housing, economic development, mixed-use development, or sustainable environmental features, which are consistent with neighborhood, area, or specific plans.
5. Other Factors. The Township may consider any other factors relevant to a zoning text amendment application under state law.

IMPACT STATEMENT FOR CONDITIONAL REZONING

A written impact statement of the application as it relates to § 421.E of the Zoning Ordinance. The applicant shall have the burden of justifying the amendment, including identifying specific reasons warranting the amendment, and providing any supporting data and information.

1. Master Plan Consistency. Rezoning should be consistent with the intent and purpose of the adopted master plan.
2. Adverse Impacts on Neighboring Lands. The Township shall consider the nature and degree of an adverse impact upon neighboring lands. Lots shall not be rezoned in a way that is substantially inconsistent with the uses of the surrounding area, whether more or less restrictive. The Township finds and determines that vast acreages of single-use zoning produces uniformity with adverse consequences, such as traffic congestion, air pollution, and social separation. Accordingly, rezoning may promote mixed uses subject to a high degree of design control.
3. Suitability as Presently Zoned. The Township shall consider the suitability or unsuitability of the tract for its use as presently zoned. This factor, like the others, must often be weighed in relation to the other standards, and instances can exist in which suitably zoned lands may be rezoned upon proof of a real public need, substantially changed conditions in the neighborhood, or to effectuate important goals, objectives, policies, and strategies of the master plan, specification, or this ordinance.
4. Changed Conditions. The Township shall consider whether any conditions have changed, since the zoning ordinance was adopted, that might justify the amendment.
5. Health, Safety, and Welfare. The ordinance amendment must bear a substantial relationship to the public health, safety, or general welfare, or must protect and preserve historical and cultural places and areas. The rezoning ordinance may be justified, however, if a substantial public need or purpose exists.

6. Public Policy. Certain public policies in favor of the rezoning may be considered. Examples include a need for affordable housing, economic development, mixed-use development, or sustainable environmental features, which are consistent with neighborhood, area, or specific plans.
7. Size of Tract. The Township shall consider the size, shape, and characteristics of the tract in relation to the affected neighboring lands. Ordinance amendments shall generally not rezone a single lot when there have been no intervening changes or other saving characteristics. Proof that a small tract is unsuitable for use as zoned, or that there have been substantial changes in the immediate area, may justify an ordinance amendment.
8. Other Factors. The Township may consider any other factors relevant to a rezoning application under state law.

OFFER OF CONDITIONS FOR CONDITIONAL REZONING

A written offer of Conditions as described in § 422.B(3) of the Zoning Ordinance. An owner of land may voluntarily offer, in writing, conditions relating to the use and/or development of land for which a rezoning is requested.

1. The owner's offer of conditions may not purport to authorize uses or developments not permitted in the requested new zoning district.
2. The owner's offer of conditions shall bear a reasonable and rational relationship to the property for which rezoning is requested.
3. Any use or development, proposed as part of an offer of conditions that would require a special land use permit under the terms of this ordinance, may only be commenced if a special land use permit for such use or development is ultimately granted in accordance with the provisions of this ordinance.
4. Any use or development, proposed as part of an offer of conditions that would require a variance under the terms of this ordinance, may only be commenced if a variance for such development is ultimately granted by the Zoning Board of Appeals in accordance with the provisions of this ordinance.
5. Any use or development, proposed as part of an offer of conditions that would require site plan approval under the terms of this ordinance, may only be commenced if site plan approval for such use or development is ultimately granted in accordance with the provisions of this ordinance.
6. The offer of conditions may be amended during the process of rezoning consideration, provided that any amended or additional conditions are entered voluntarily by the owner.

SUBMITTAL DEADLINE

Submittal deadlines are listed on the Planning Department page of the Township website (<http://www.garfield-twp.com>). Please note that the listed dates are the deadlines after which submittals will not be considered for the indicated meeting. Any errors or missing information on an application submitted at the deadline will result in a delay in the processing of the application. An earlier submittal is encouraged to avoid possible delays.

DATA WAIVER

1. The Zoning Administrator may waive a particular element of information or data otherwise required for a Site Diagram upon a finding that the information is not necessary to determine compliance with this ordinance.

2. The Director of Planning may waive a particular element of information or data otherwise required for a Site Development Plan upon a finding that the information or data is not necessary to determine compliance with this ordinance or that such information or data would not bear on the decision of the approval authority.

REVIEW PROCESS

1. Upon submittal of this application, Staff will review the materials submitted and will, within ten (10) working days, forward a determination of completeness to the applicant. If the submission is incomplete or noncompliant with the Zoning Ordinance, it will be returned to the applicant for revision. Once the submission is revised, Staff will again review it for completeness and again forward a determination to the applicant within ten (10) working days. This procedure shall be repeated until a complete submission is received.
2. Once the application is deemed to be complete and submitted according to the application deadlines, it will be forwarded to the Planning Commission for review. The Planning Commission will determine if the application is complete and schedule a public hearing.
3. Following the public hearing, the Planning Commission will make a recommendation on the application to the Township Board.
4. Prior to making a decision, the Township Board will hold a second public hearing on the application. Following the public hearing, the Township Board will make a decision to approve or deny the application.
5. If a Conditional Rezoning is approved or approved with conditions, the decision of the Township Board shall be incorporated into a written report and decision order.

PERMISSION TO ENTER SUBJECT PROPERTY
